4300 West Highway 22
Corsicana, TX 75110

To Whom It May Concern,

I, Misty Coles, parent of Maci Coles a student at Sam Houston Dual Language Elementary in Corsicana Texas am honored to write this letter on behalf of Ms. Lisa Nanny. I had the opportunity to get to know Ms. Nanny when my child was in her third grade class. I always found her to be a kind, creative and sincere educator. I was impressed by Ms. Nanny's openness and approachability. She maintained a positive relationship with parents and fostered a strong school-to-home connection through personal conversation, telephone calls, emails, and even a card in the mail when my daughter was out sick.

I always found her helpful and supportive of her students. Her rapport with children is natural and instinctive. My child blossomed as a learner while in Ms Nanny's class. She came into the third grade very unsure of herself and her abilities as a student and by the end of the school year her confidence level had skyrocketed. I can say with confidence that Ms. Nanny is responsible for this drastic transformation. My daughter will always remember all of the special touches she brought to her classroom and the special relationship she had with her students.

A quick story should help you understand just how special Ms. Nanny is to her students. The year after Maci had Ms. Nanny as a teacher she was moved to teach Deaf Education at our local High School and Maci's Honor Choir performed at the back to school convocation for the entire CISD staff. After the event, Maci confided in me that during her performance she had "giant tears dropping out of her eyes because she could see Ms Nanny in the audience and she was going to miss her so much." As a parent I could not have asked for a more dedicated and special teacher for my child. We have been fortunate to have top notch dedicated and caring teachers each year. Ms. Nanny is one of those that will always stand out in my mind and in my daughters mind as being "Best of the Best" in so many ways.

With everything said above and much more I could not put into words I know it is in the best interest of your school and students that I recommend Ms. Lisa Nanny , for an Elementary Teaching position at your school.

Thank You for your time and consideration.

Sincerely,

Misty Coles
