To Whom It May Concern:

Leadership, strategic planning, care, and motivation are inherent traits that are fine-tuned through hands-on experience and dedication. More than anyone else, Lisa Nanny possesses these traits and has used them to help instill in young children and staff members the skills needed to succeed in an educational setting. I am fortunate to have had the pleasure of knowing Lisa for the past several years and have most certainly gleaned from the experience. She served as an instructor on my campus, and I consider her one of the best in the business.

To be sure, Lisa is a professional of the highest quality. She is an innovative educator who has earned the respect of her colleagues, students, teachers, parents, and administrators. Her energetic and witty style helps to fuel a friendly and positive work environment and makes people want to associate with her. Furthermore, she has demonstrated the ability to bring diverse groups together, motivating them to become positive products of our school community. Moreover, Lisa handles pressure well and offers help to those who do not. As a result of her efforts, she better the lives of those around her.

Lisa Nanny is an invaluable asset whom I highly recommend for your employment. Her dedication to her job has established her as one of the finest employees I know. If you would like to discuss her attributes in more detail, please do not hesitate to contact me at 832-527-8165.

Sincerely,

Greg Bower - Principal
