

September 5, 2011

To whom it may concern:

I have been acquainted with Lisa Nanny for a number of years as we have worked in the same school district. However, this past school year I had the pleasure of her being my child's teacher.

I couldn't have asked for a better teacher for Emma. Emma began the year as a struggling reader with low confidence. Mrs. Nanny worked with her and encouraged her daily, providing her with many positive opportunities to build her confidence. She made learning fun for Emma and quickly earned her love and respect. Emma grew as a reader and ended the year on grade level. I attribute much of her success this past year to the guidance and education provided by Lisa Nanny.

As a parent, I am proud to say Lisa Nanny taught my child. Any child would be lucky to have her!

Sincerely,

*Christine Fuller*
